TRANSNATIONAL PROJECT MEETINGS AND OUTREACH EVENT STRASBOURG, DECEMBER 2023

In December, the consortium gathered in Strasbourg to review the progress made thus far and collaboratively plan the next steps for the project.

During the outreach event organised by ALDA, the partners presented their action plans for fostering inclusive communities. Our diverse panel of speakers and representatives from various organisations engaged in enriching discussions on inclusion, diversity, and the challenges faced by individuals with migrant backgrounds. This event provided a platform for participants to share their perspectives on civic engagement and inclusion.

CURRICULUM

The INCLUDEDATE Curriculum for Community Impact is a comprehensive training program designed for migrant associations, stakeholders and public bodies.

This curriculum, refined through transnational training sessions with municipalities and NGOs, combines the expertise from our ebook and action plans. By participating in this training, organisations tested the innovative methodologies in Copenhagen and Gdynia to foster more inclusive communities. The INCLUDEDATE Curriculum equips participants with the tools needed to address inclusion, diversity, and the challenges faced by migrants, ensuring a meaningful community impact.

You can find the curriculum on the Includate website.
